FOOTBALL GAME- OCT 2ND

The Mio Thunderbolts are making their way to Alcona Friday, October 2nd, to hopefully secure an easy win against the Tigers. The Thunderbolts are averaging 29.2 points a game while Alcona is only averaging 18.4 against some very mediocre teams. Mio has been playing some real competition so far this season with teams including Mendon, and Bay City All-Saints with both teams being top 5 in their division. Mio has lost back to back games with the two teams which is only fueling them more to finish the season without another loss. This is going to be a tough challenge, but the Thunderbolts know they can do it.

THEATER CLUB'S 26-27 POSSIBLE PLAYS

Following the Mio Ausable theater club we're officially down to our choices between three performances. Will it be *Mean Girls*, an act full of revenge, choices and pink wednesdays. Or maybe *Beetlejuice*, a twisting, humorous, spooky tale following a chaotic ghost and a new family of homeowners. Or could it be *Into the Woods* a winding story full of magic, a potion for a baby, and a crazy plot twist. Three amazing tales all ready to be thrown into a whirlwind of theatrics by your amazing theater cast and crew. So what one will it be? Stick around to find out.

BENEFITS OF DOING YOUR WORK ON TIME

So recently, I've been seeing more and more students not doing their work and just messing around. So today I will tell you 3 reasons why doing your work on time is beneficial to you! Firstly, doing your work on time helps get you better grades and gets you closer to going to the next grade or even graduating. Next, it could help you study for any upcoming tests that seem really hard, according to the website www.thetechadvocate.org. Finally, it is proven that students who turn in their work on time learn responsibility and possibly motivation, according to the website www.indeed.com. Some students might disagree with me and say that they'll just make the work up near the end of the school year. But, that isn't good due to the fact you are putting lots of pressure on yourself to get the work done last minute. This isn't including the fact that after each semester, your grade is final. In conclusion, it's easier and better to just do your work on time, than doing it at the last minute.

SIGN UP FOR POWDERPUFF!!!

Powderpuff is a powerful sport that has been around for over 80 years. It is a chance to reverse the roles where all girls can play flag football with each other. It is a time mainly based around celebrating homecoming as one of the most looked forward to festivities for the season. It is a time when everyone celebrates with friends. Powderpuff is about showing your hidden talents and passions for the sport that you can't show on a normal daily basis. In conclusion you should join powderpuff. Sign-up's outside the office.

Teen Advisory council or TAC is a student lead group, made up of highschool students, that brings awareness to teens mental health. Every month we have a subject that we focus on, for example one month we do suicide awareness and another month we do school spirit. We have done activities such as a rock paper scissors contest. We also did a fundraiser last year for Fairview to come over and watch a video with pizza at the end. The first meeting will occur on October 6th, 2026. Anyone is welcome to attend, and participate in being an active member of this council. We also go to Lansing every year along with other schools around Michigan to talk to our senators about the Thunder Bay clinic and Ms.Brenda's therapy. When we're talking to the senators, people go around saying how those resources affect them, so they can vote on whether or not to keep funding it. Some of them also visit the clinic. You should join TAC because it means you're being an active member in your community.
